How does Hunger affect your life.?

Your family? Your community? Your country? Your world? Your spirituality?

Presenter: Fr. Michael Evernden

Fr Michael was ordained in 1974 as a Paulist Priest in NYC. "Over the years my focus is with the un-churched but also those who have become "dormant Catholics. I am at St. Philip Neri Catholic church, where I work part time and the rest of my time I spend offering retreats, and workshops. I hope to assist people in having a living relationship with God in prayer, sacrament and daily life."

This retreat is a time to look at hunger in our area and how we are called to serve. This is a kickoff for our Parish Lenten Service Project that will give opportunities to help feed those who cannot provide enough food for their table.
