

St. Clare Preschool

TODDLER SUPPLY LIST

CLOTHES

Each child must have a change of clothes in their cubbie. You need to check for soiled clothes and make sure that they have fresh clothes in their cubbie each day. Weather appropriate clothing is necessary. They need to wear durable, washable clothing that can withstand play and art projects. Some activities can be messy.

Strapless shoes or thongs are not acceptable and create a safety hazard for the children. Children need to wear shoes they can successfully remove and put back on with little or no assistance, especially with the older children.

During our wet Oregon weather, boots and rain gear need to be here because the children will go outside if weather permits. Slight sprinkles do not keep us indoors.

REMEMBER: All items brought to school MUST BE LABELED.

LUNCH/SNACK TIME

St. Clare Preschool & Daycare will supply morning and afternoon snacks. Milk or juice are provided for snack time as well as lunch. It is always available for Toddlers throughout the day.

CCD requires that we monitor lunches to make sure they meet the USDA guidelines for a nutritious meal. This includes meeting all of the four major food groups, which are dairy, fruits & vegetables, grain, and protein. Please keep this in mind when preparing their lunches.

When your child comes to school, there is a refrigerator in the Toddler room for you to put their lunch in.

TODDLERS: If bottles are needed for your child, please make sure they are labeled and prepared each day. Bottles must be capped and should have only the amount needed for one feeding per bottle. They cannot be reheated or refrigerated again once they have been used. Breast milk should be frozen in small increments. It will be heated as needed.

MEDICATIONS

A medical authorization needs to be filled out for each child before any medicine can be administered. This form includes date, time, name of medication and dosage amount. Please store your medication in the appropriate place. There will be a lock box in the locked cupboard marked with a red cross and another lock box inside the refrigerator for medication.

MISC. ITEMS

Please apply sunscreen to your child before they come in. However, sunscreen will be applied if needed. You need to fill out a sunscreen authorization form for your child.

Please bring in one box of baby wipes a month to contribute to classroom use. We use these throughout the day. Also, remember that it is necessary for families to provide diapers for their child. Always make sure you have enough on hand here at the school.

NAP/QUIET TIME

Each child needs to bring the following: Small pillow, small blanket, a small stuffed animal or doll (if needed), crib sheet, and labeled pillowcase for use as a tote bag for nap items.

These items should be taken home each Friday, laundered, and returned Monday morning. Again, please remember to label all items.

PHOTOS

Each family is required to bring photos of all people authorized to pick up your child. We cannot release your child without a photograph.

St. Clare Preschool and Daycare feels it is important to the children to feel a connection between family and school. To support this, we will be compiling a photo album for each classroom. Please bring no more than six photos from your family. These may include parents, grandparents, other special people, and pets; whomever you consider part of your family.

These photos will not be returned but will become a permanent addition to each classroom, providing a lasting chain of memories through the years.

Thank you for your support. Remember, **LABEL EVERYTHING!**
